

SAMARITAN CAR CARE CLINIC is the region's first dedicated non-profit vehicle repair shop. The Clinic offers a hand up to low-income families that lack access to affordable and reliable vehicles. The goal is to address transportation barriers so that families can stay on the path to self-sufficiency.

Impact 100 Wish List:

Help make a car safe and reliable:

- \$500 replaces four bald tires
- \$400 replaces brake pads, rotors, and brake fluid
- \$300 purchases a new radiator (labor can be another \$100-200)
- \$125 covers an engine oil change, new engine air filter, and new wiper blades

Shop Supplies:

Many items are specific to vehicle repair shops, but some general items can be helpful.

- Paper towels
- Toilet tissue (shop has two restrooms)
- Brake parts spray cleaner

Adopt a Tool:

A starter set of high-quality mechanic tools is close to \$5,000. The Clinic's goal is to support a low-income community college student who aspires to be a mechanic, but can't afford to buy the tools necessary to be employed as a mechanic. Making donations to support tool purchases is an excellent way to kickstart the career of a future mechanic.

Our lifts lift cars. Your gifts lift lives. Help us lift lives!
