

The YES Home is a trauma informed residential program that encourages youth to achieve their highest potential, improve behaviors and make positive choices. We provide a family-like atmosphere for youth to develop pro social, independent living and employment skills. We promote connections with youth, their families and community.

Therapeutic Tools:

- We need to purchase therapeutic tools for our therapist. This is the amazon link for those tools: <https://a.co/2FGfBIA>
- We use the Interactive Journaling System from The Change Companies for our programming. There are some new journals we would like to add to our program. <https://shop.changecompanies.net/collections/juvenile-treatment> We would like to add 25 each of the What About Marijuana Journal (plus one facilitator guide) \$138.50 plus 25 My personal Health journal \$320 and 25 Anger Management journals plus the facilitator guide (\$307.50) Total for all the journals is \$766
- Brain Mapping provided by Indiana Brain Mapping <http://www.indianabrainmapping.com> we would like to contract with Dr. Yip to provide brain mapping and additional consultation for helping with challenging youth. \$3000 would assist with youth who do not qualify through the Department of Child Services to receive this treatment. We have had a few youth receive this assessment and it has been highly effective in ongoing treatment needs.
